

Members and Friends of FPC,

Due to cases of Coronavirus being detected in Montana and Lewis and Clark county, and likelihood there may be more undetected cases due to the limited number of kits Montana has, we will be suspending gathered worship, Youth Group, and The Bible in 90 Days studies through at least Phase 3 of the pandemic. I think an abundance of caution is called for and most helpful in deterring the spread of this disease and respecting the health of our family of faith. We are working on finding means of holding "non-gathered" worship and studies. Minimally, I will consult with Les on recording and posting an on-line worship service for the two suspended Sundays, and beyond if warranted.

This Sunday's service will not be available until probably Monday or Tuesday, but we will strive to have something set for future Sunday morning's "worship hour". News about online Youth Group and Bible Studies will be forth coming.
